The basketball girls surely did themselves proud at their entertainment and dance last week, our congratulations to Dick Inman.

You get more in a Westinghouse Radio and no foolin. There is only 35 more shopping days until Xmas too.

Meryl Sletto is very much improved in McLeod hospital.

If you are in need of a real good range see us at once for our special price on one only Monarch wrought iron range the price will surprise you.

Dorn Ruggles is home after a weeks trip in the North country.

Get your Westlock time at our store and never be late.

Oscar Sletto is a Spokane visitor, says he cant stand the heat here after the cold snap.

Good Bays! 1931 Ford Sedan 1934 Chev. Sedan, 1935 Chev. Sedan, Quebec heater, McDrg. cream separator, all like new and priced right.

Would the party that has our snips borrowed please return them?

May we again suggest that you be a good duck and take care of your bill.

Pete Patterson is a Calgary visitor looking for a bridge game so someone said.

GENERAL NEWS

Municipal Notes Cont. from last week

A lengthy discussion arose in respect to rent for the Caterpillar engine and Councillor Ellis moved that the fees to be charged for this engine be set at \$5.00 per hour and made available to ratepayers only and subject to the approval of the Reeve.

Carried

The next order of business to be discussed was rent for the old municipal office and councillor Hagerman moved that this be left to the Reeve.

Carried

Secretary presented a list of accounts for payment; and same were approved on motion of Councillor Mix.

Carried

As there was no further business for discussion Councillor Matlock moved that meeting adjourn.

Everyone who is interested in forming of a Scout Group in Champion (12 to 2) are cordially invited to attend a special meeting in the basement of the Community Hall Fri. next at 7 o'clock.

Cub mothers and fathers are requested to attend the meeting also as Mrs. Batton and the Paek from High River will be present.

Alberta's motor license plates for the next license year, which opens on April 1, will be white numerals on a black background according to an official announcement by E. Trowbridge, deputy provincial secretary.

It will be the first time in a period of years that this combination has been selected for this province.

The Champion Girls Basketball concert and dance held last Friday night in the local hall was the best yet of this season.

The concert which was in the form of a radio program even to the P. A. System had the packed house roaring with laughter until the windows rattled and the rafters vibrate. The dance followed the program to the music of Frasers.

Alex Latiff is a visitor in Calgary this week.

Farmers often have occasion to find out how much grain is contained in a granary or bin. It is also useful to know how large a bin must be to hold a given amount of wheat. The necessary information is included here, so the reader should cut this out of the paper and keep it.

The first step is to find the cubical contents of the bin. For square or rectangular bins, the number of cubic feet can be found by multiplying the length x width x depth. For round bins multiply the radius x radius x 3.14 x depth (the radius is one-half the diameter).

For example, suppose our bin is 8x16 and the grain is 6 feet deep, then:

8x16x6=768 cubic feet.

Then if we have a round bin 16 feet in diameter (radius 8 feet) with the grain 7 feet deep:

8x8x3.14x7=1,406.72 cubic feet.

In order to convert cubic feet to measured bushels, it is only necessary to multiply by 0.8. Therefore, our first bin contains 768x0.8=614.4 measured bushels. Our second bin contains 1,406.72, or roughly 1,407, cubic feet. This is 1,407x0.8=1,125.6 measured bushels.

If it is desired to determine the number of bushels by weight, simply multiply the figure for measured bushels by the actual weight per bushel, and divide by the legal weight (wheat, 60 lb.; barley, 48 lb.; oats, 34 lb.). If, in our first example, the grain was wheat weighing 65-lb. per bushel, we would have 614.4x65/60=665.6 bushels.

Problem: What would be the dimensions of a bin you would build for 2,000 bushels of barley weighing 52-lb. per bushel?

Mr. Roberts of Barons was a visitor in town on Wednesday and informed us that roughly only \$8,000 is needed before operations begin on the large potential oil field near Keho Lake. Mr. Roberts informs us that he is meeting with very successful results in disposing of the shares. Something of interest to Champion and Vulcan people is that this field runs just a little east and south of Vulcan, and that the town of Champion is just at the edge of the pool.

Councillors Mix and Ellis and Reeve Griffin were delegates at the Municipal Convention in Calgary.

Inspector Williams has been visiting the Public rooms this week.

Harold Bach, Douglas Dow and Joe Warren are attending the military camp at Red Deer.

Mrs. Cemulini, Bob Truba and Rita are attending the Hotel Manager's Convention in Calgary.

Speaker, Honored Position

We are pleased to learn of the selection of Rev. Peter Dawson as the speaker of the Alberta Legislature for another term. While this paper has spoken in favor of a cabinet post for the local member we are nevertheless gratified to learn that he has been chosen for this exalted position.

While it is often the practice to change speakers each parliamentary term, special gift for the duties of speaker has resulted in no change taking place. This is true of Federal as well as eastern provincial Legislatures at times. The impartial conduct of the Alberta Legislature by Speaker Dawson was recognized by all parties.

No one in public life can hope to please all sections of the province or community but when the impression is given that one is impartial it is indicated that, that person acted according to the dictates of his better judgement. Thus what the public have said about our local member is that aside from political affiliations he has endeavored to see that the business of the Alberta Legislature is carried out according to Canadian and British practice and tradition.

Yes residents of Little Bow, irrespective of party will congratulate Hon. Peter Dawson on his re-instatement as speaker.

Yes that's why she fired her

Mrs. Jones; Two of my daughters are working girls.

Mrs. Smith; Huh, two of mine are working men.

An aunt said to her niece, "Don't you think we ought to pull our shade down, or has that fellow across the way a nice face?" and the niece answered "I don't know I have never seen it without a pair of binoculars in front of it."

Nobody will be the wiser if I kiss you.

Then don't, I am after an education.

The tourist had stopped to change tires. "I suppose," he remarked to a native onlooker "that in these isolated parts the necessities of life come rather high."

"Yer right" replied the native gloomily, "an it aint fit to drink when ye git it."

Darling, as I kissed you then, love was born.

That's fine, dear, but wipe the birthmark off your lips.

"BEER is my drink!"

Modern people like to be moderate when they relax and enjoy themselves. AND that is one thing about BEER — it's a leisurely kind of beverage — a natural part of gracious, more considerate hospitality and sensible living.

HAVE you ever thought of your bank as a citizen, taxpayer, employer and consumer? Your bank strives to be a good citizen — to render a useful service for a moderate remuneration. **AS A TAXPAYER**, your bank pays heavy sums to your community, your province and the Dominion — Canada's chartered banks paid over \$9,000,000 last year alone; \$42,000,000 in the last five years. **AS AN EMPLOYER** your bank and other chartered banks in Canada furnish employment to thousands of persons who are an asset of real value to the Community and to the Dominion. The banks paid last year over \$35,000,000 in wages — in the last five years, \$174,000,000 — a direct distribution of buying power all over Canada. The value of the services rendered by our men and women workers cannot be appraised in dollars. Their efficiency, courtesy and integrity are largely responsible for the goodwill and pleasant relations between Canada's chartered banks and the people they serve. **AS A CONSUMER** the bank is a customer of your utilities — water, light, power; it pays rent, buys fuel, office equipment, telephone and telegraph services, everything needed in modern business.

[In war, as in peace, Canada's Chartered Banks maintain, uninterrupted, their useful services — safeguarding depositors' funds; facilitating the nation's business — looking forward to peace with freedom as the only sure basis of enduring prosperity.]
